

Pavel Mikhaylov
Senior Product Designer

+7 988 079 23 94
 Pavelmkh

5+ years in B2B and B2C products. I specialize in product research, monetization, growing product metrics and designing complex user scenarios.

I work across the whole product lifecycle:
Discovery → Hypothesis → UX → A/B Testing → Delivery → Metrics.
I use Claude in my work for analysis, interface copy, and code-based prototyping.

Recent results

- +10% ARPPU
- +7% listing views
- +50% faster order processing
- two products launched from scratch

EXPERIENCE

Senior UI/UX Product Designer

Cian • 30M+ users a month

March 2024 — present

I work across three monetization areas at once: Auction, Billing and Subscription. I design promotion purchase mechanics, contribute to payment scenarios, run product experiments and mentor other designers.

Key projects:

- Auction monetization
- Billing
- Subscription
- A/B testing

Achievements:

- 🚀 Grew Auction VAS ARPPU by 10% by redesigning the promotion purchase flow and introducing performance VAS.
- 📈 Grew listing views by 7% with a new promotion mechanic in recommendations and on the homepage.
- 🎯 Designed a new format for the promotion page, making the product easier to understand.
- ⚙️ Introduced design versioning, speeding up work for designers and engineers.

Product Designer

Netology • 3M+ users a month

October 2022 — March 2024

I designed internal services and B2B products, ran research, grew the design system and helped build new services.

Achievements:

- 🚀 Streamlined order creation, cutting manager time by 50%.
- 💬 Launched outgoing messages for coordinators.
- 🏠 Designed a new HR product from scratch.
- 🗺️ Ran B2B customer research and built customer journey maps.

UX/UI Designer

Delovye Linii

September 2021 — October 2022

I worked on internal services for one of Russia's largest logistics companies.

Achievements:

- 📈 Built a service for ordering accounting documents.
- 😊 Raised user satisfaction by 20%.
- 🌈 Grew the product's design system.

UX/UI Designer

Intersafety

2020 — 2021

The first marketplace for personal protective equipment.

Achievements:

- 🚀 Launched the product from scratch.
- 💰 The company reached ₹120M in turnover within its first year after launch.

UX/UI Designer (internship)

Compot

2020

A startup building CRM for the US market

Achievements:

- 🚀 Designed CRM for the US market and helped prepare the product for launch.
